Dr. King Offers Hospital To County as Gift

BUILDING AND LOT VALUED AT \$77,000

County Officials Silent on Offer Coming as Complete Surprise—Modern Building Constructed in Vernon in 1925—Statement Outlines Plan.

Dr. T. A. King of Vernon Saturday offered the hospital which he formerly operated in this city as a gift to the people of Wilbarger County.

Dr. King's offer came as a complete surprise to county officials and none would offer comment on the matter Saturday. Officials added they were uncertain as to what procedure would be necessary in acting upon such an offer.

The hospital in the 2900 block on Peace Street was closed several weeks ago by Dr. King, when he went to Chicago for a period of study in advanced medical work. The hospital has not been reopened since that time.

The modern building was constructed in 1925 and the plant and grounds are valued at approximately \$77,000. The offer included only the building and lot.

In making the offer Dr. King outlined provisions of the gift in the control and operation of the hospital as a county institution. His complete statement follows:

"To the people of Wilbarger County:

"After studying for some 22 years the hospital needs of this county and surrounding territory, and after investigating the solution of this problem in many places, I am convinced as I have always been that to properly and economically meet the medical needs of all our people it is essential to have an institution operated not primarily for profit but foremost and above all things, to serve the greatest number and in a manner compatible with recognized standards.

"In this age of enlightenment and advancement in the medical sciences even the poorest of us should be given the best service and the more fortunate of us should not be satisfied with less. With this objective in mind, I am happy that I can proffer as a gift to the people of my county my hospital building, in a spirit free of all selfishness and permeated with a life-long desire to be instrumental in creating in our community the very best of medical services to all classes of our people.

"This gift is made with only a few major provisions: First, it must be operated as a hospital; second, it must be operated according to a recognized standard; third, it must be governed by a board composed of doctors and other citizens of the county chosen possibly by the Commissioners Court; fourth, it must be forever open to all reputable doctors without favor providing each doctor proves himself to be medical in the advancement of his medical services first and his personal welfare second.

"I now place this issue in the hands of the people of this county. If you are interested, get together in your communities and let the proper authorities know your wish in this matter. I only want to be counted one amongst you in that effort to give this community a hospital that can serve the rich and poor alike and serve them economically and efficiently.

"(Signed) THOS. A. KING"

CREW OF FREIGHTER AT BROWNSVILLE STRIKES

Brownsville, Nov. 7. (AP)—The S. S. Aquarius, Lykes Brothers boat, was strikebound at her crew of 16 walked out at 6 o'clock this morning.

The Aquarius docked Thursday and brought the first solid cargo for transshipment into Mexico. The cargo consisted of four thousand tons of German coke bound for Monterrey steel foundries.

Discharging of cargo was halted immediately after the strike was called but it is expected that unloading will be completed with port equipment.

The crew is expected to proceed to Houston and make no attempt to picket longshoremen. Brownsville was the first port of call since the boat left Antwerp.

ROCK ISLAND NAMES RANEY GENERAL SUPERINTENDENT

Fort Worth, Nov. 7. (AP)—G. W. Raney, transportation inspector for the Rock Island, Friday was named superintendent of that railroad's lines in Oklahoma and general superintendent of the Texas lines.

Raney succeeds A. E. Walker who resigned only a few weeks before he would have rounded out fifty years of service with the company. Raney, who has been acting superintendent since Walker retired, came to the Rock Island in January from the Missouri Pacific.

STATE PENSION STUDY UNDER NEW LAW STARTED

Austin, Nov. 7. (AP)—Orville S. Carpenter, acting State Director of Old Age Assistance, announced Saturday that re-investigation of each recipient whose eligibility under the new law was doubtful already had begun.

The new law, approved at the recent called session of the Legislature, made the only basis of eligibility, removing property and cash ownership and income qualifications.

"At present we are busy segregating cases in which recipients show no cash in the bank, no property owned and no other income except that from the Commission," Carpenter said.

"These cases will not be re-investigated until later because the old people would evidently be in need if they were off the rolls."

Of the cases being re-investigated it must be determined if the old person in question is in necessitous circumstances, Carpenter declared.

The new pension law has no eligibility loopholes, he pointed out. November's \$7,000 pension checks will be mailed about Nov. 20, when the new assistance statute probably will have been approved by the Federal Social Security Board.

The new statute may hold eligibles to an estimated 80,000 maximum, with a \$640.00 monthly expense to the State.

WOMAN DIES IN ACCIDENT

MRS. LEE DAVIS KILLED ON HIGHWAY AT HOME NEAR SHAMROCK

Shamrock, Texas, Nov. 7. (AP)—A car driven by F. Snyder, of Clinton, Okla., Thursday struck and killed Mrs. Lee Davis, 66, near her home nine miles east of here.

Mrs. Davis was the wife of a well-known Wheeler County rancher.

She was driving a cow across Highway 66. She had a shawl over her head and evidently did not see the car. She walked directly into the vehicle and died of a crushed head and chest.

J. O. Pike of Shamrock, who arrived on the scene shortly after the accident, called an ambulance but Mrs. Davis was dead before medical attention could be reached.

Mrs. Davis is survived by several children. Funeral arrangements have not been completed.

USE OF GRAIN TO FEED MEAT ANIMALS IS URGED

Washington, Nov. 7. (AP)—The Agriculture Department predicted Saturday that farmers who feed their grain to meat animals next year probably will do better than those who cash in on the grain.

This forecast is based on the assumption that the drought, which caused wide grain losses and cut livestock numbers, will be followed by large yields of grain due to more normal weather.

A survey of animals on farms and supplies of feed for them was said to show 25 per cent less grain per animal this year than last year and the five year average of 1928-32.

On Jan. 1, the survey said, the total number of animals on farms probably will be the same, but there will be fewer cattle, horses and mules and more hogs, sheep and chickens.

SURFACING WORK ENDS ON HIGHWAY 23 SOUTH

Work of laying asphalt on the Highway 23 gravel base south of Vernon was completed Friday, according to an announcement by Highway Department officials.

The project, authorized several weeks ago by the State Highway Commission, was completed by the Lone Star Construction Company. The highway is now open to traffic.

Munhall, Pa., Nov. 7. (AP)—The jail is infested with ants and police asked suggestions for getting rid of them. Among the flood of calls reported by a harassed desk sergeant was this idea: "Burn down the jail."

Death Won.

Wheeling, W. Va., Nov. 7. (AP)—Among the victorious candidates in the election was Charles Schultz, chosen Constable of Washington District by a plurality of 1,000 votes. But Schultz never will take office. He died three months ago.

ALL SHIPMENTS THREATENED BY WALKOUT

New York Union Maps Plans for Active Strike After Demanding New Working Agreements—Shipyard Works in San Francisco Join Ranks.

(By The Associated Press)

Paralysis threatened the nation's entire shipping industry Saturday as the maritime strike underway on the Pacific Coast intensified at Atlantic and Gulf ports and spread into San Francisco's shipyards with a general walkout ordered.

A union of New York seamen, engaged for a week in a passive "sit down" strike in sympathy with West Coast maritime workers, mapped active resistance after repudiating their contracts with ship owners and demanding new agreements as to wages and hours.

Joseph Curran, chairman of the New York strike group, at odds with the International Seamen's Union, estimated 16,000 workers were out in Atlantic and Gulf ports other than New York.

In San Francisco, 6,000 shipyard workers voted to quit "owing to continued and flagrant violations of agreements with various unions."

Assistant Secretary of Labor Edward P. McGrady continued his efforts to settle contract differences between 37,000 other West Coast maritime workers and employers.

Secretary of Labor Perkins announced in Washington that President Roosevelt would not intervene in the strike picture, but she began a close study of the situation.

In Port Neches, Texas, the District Council of Oil Field, Gas, Well and Refinery Workers, representing about 50,000 men, telegraphed the President the strike would "within 10 or 15 days close down refineries in the Gulf Coast area employing between 40,000 and 50,000 persons."

PENSION PLAN INCREASES NATURALIZATION EFFORTS

Houston, Nov. 7. (AP)—The old age pension movement, says P. J. Pung, naturalization examiner, caused an increase of more than 200 per cent in citizenship petitions in the United States the past year.

"The big increase in petitions," the examiner says, "can be attributed largely to the establishment of pensions, although another reason is the desire to deport aliens from this country."

"More and more States are passing old age pension bills and only citizens are eligible for aid under the social security act. A great many old people, some of whom have lived in the United States since childhood, have considered all along they were citizens through their parents. In a number of cases they've found their parents failed to take out papers, or probably filed only their declaration of intention."

"Now, with potential government pensions available they are flocking to courts to file their own papers."

Pung says that last year when all German subjects living in this country were ordered from Berlin to register with their consuls so they could be recalled to Germany if necessary, the immigration offices were flooded with Germans wanting to legalize their citizenship in the United States.

FRENCH ARMY OFFICERS LEADING AT HORSE SHOW

New York, Nov. 7. (AP)—Already in possession of one major trophy, the French army officers, fortified with a fine string of jumpers, have established themselves as the combination to beat in the remaining international military events at the National Horse Show.

Although the three officers—Capt. Pierre Calve, Capt. Francois Durand and Lieut. Amador De Busnel—and their horses were the last of the six foreign teams to arrive and had less than a week in which to acclimate themselves, they jumped to the front on the opening night and then successfully thrust aside the challenges of their rivals to win the high score competition.

The tri-color representatives finished the three night competition for the trophy presented by President Arturo Alessandri of Chile with a low aggregate of 19 1/2 faults.

GIRL QUADRUPLETS BORN TO WIFE OF FRENCH ROAD WORKER

Quer Morvan, France, Nov. 7. (AP)—Ker Morvan, all girls, were born in this Breton village Friday to the wife of Yves Le Loueray, a road worker.

Two local physicians who attended the delivery said the new-born infants were doing well.

The couple has three other children.

PRICE FIXING BILLS VOTED BY FEDERAL JURY

Madison, Wis., Nov. 7. (AP)—Twenty-four major oil companies and 46 individuals were indicted late Friday by a special Federal grand jury on charges of conspiring to fix gasoline prices in violation of the Sherman anti-trust act.

It was the second indictment reported by the grand jury which was called last May by Attorney General Homer Cummings to conduct a nationwide investigation of the oil industry.

The indictment asserts that the companies and individuals agreed unlawfully to fix and restrict price margins in charges to gasoline jobbers and that they attempted to maintain uniform jobber contracts and to adopt uniform policies with respect to jobbers throughout 10 states in the Central West.

The indictment further charges that officials of major oil companies held periodic meetings privately in Chicago for many years, and agreed upon uniform prices to be paid jobbers dealing them. The meetings usually were directed, the indictment said, by Charles E. Arnott, vice president and former president of Socony Vacuum Oil Company, Inc., of New York.

DAILY CRUDE RUNS LOWER

DROP IN OIL PRODUCTION MARKED IN MAJOR TEXAS FIELDS

Washington, Nov. 7. (AP)—The Bureau of Mines reported Friday the September daily average crude oil production was 3,932,400 barrels, a decline of 45,000 barrels from August.

The Bureau said almost all the drop occurred in Texas, the combined output of the other States remaining almost stationary. California's production rose slightly to a daily average of 579,200 barrels and Oklahoma's dropped slightly to 581,200 barrels, decreases at Oklahoma City and Seminole being largely offset by gains elsewhere.

All major Texas districts declined in September, the East Texas production dropping from an average of 567,200 in August to 442,000 barrels. Louisiana production set a new high of 292,300 barrels, a gain in the coastal district overbalancing a decline at Rodessa, New Mexico set a new record of 76,200 barrels while Kansas showed a slight decline from the record of the previous month.

The Bureau said crude runs distilled which established a record in August, rose to a new peak of 3,029,000 barrels daily in September, 1,500 barrels higher than August.

FASCIST VICTORY IN SPAIN MAY ADD FRANCO'S VELVETY SMILE TO ALBUM OF RULERS

Salamanca, Spain, Nov. 7. (AP)—Francisco Franco will add a red sash and a velvety smile to the world's album of dictators if Spanish Fascism beats down the gates of Madrid.

But behind the smile, Say Franco's lieutenants, is that steel which makes dictators brothers under the skin.

How successfully the smile, disarming and even ingratiating, will win the hearts of Spaniards to the general's conception of a disciplined Nation remains to be seen.

Although his name and exploits are well known, comparatively few of his countrymen have seen Franco in person. Those who have say they find the figure of leadership in the vigorous generalissimo, who will be 44 next December.

With the red sash of a general around his waist, he fits into the picturesque Latin scene.

His face reflects the calm self-assurance of a soldier who worked his way to the rank of general at the age of 34 by leading native troops and foreign legionnaires through Spain's Moroccan campaigns.

Until he assumed the title of Chief of State in a Burgos in scornful independence of the Popular Front government at Madrid, Gil Robles, Rightist War Minister.

Million Bale Mark Passed.

Galveston, Nov. 7. (AP)—Cotton receipts passed the million bale mark here Friday, the figure to date being 1,019,325 bales as compared with 829,683 bales to the same date last year. Exports are approaching the half million bale mark.

QUANAH WINS M. E. SESSION

Houston, Nov. 7. (AP)—Rhode Island Reds and "Dominecker" fryers have yet to be hatched and fried, Friday was the 1937 meeting of the Northwest Texas Conference of the Southern Methodist Church for Quanah over Lubbock.

The conference voted for Quanah unanimously after Lubbock could muster only a few votes.

Sentiment between the towns appeared well divided until Judge Claude Callaway of Foard County turned the tide with Rhode Island Reds and "Domineckers."

"I noticed in a newspaper that the price of fryers has gone up since we Methodists came to town," Judge Callaway, a lay delegate to the conference, observed as he began a second speech in behalf of Quanah.

"Out at Quanah, the hatchery ordinarily closes July 1, but we have arranged to fill it with eggs next summer in time to have plenty of Rhode Island Reds and Domineckers for the conference."

When Bishop Sam R. Hay saw the vote for Quanah, he said a count was unnecessary.

"That chicken speech has won," he said.

Train Crash Fatal for Three.

Warsaw, Nov. 7. (AP)—Three persons were killed and 35 others, most of them school children, were injured Friday when an express crashed into a suburban electric train near here.

BUDGET ST AROUSES WIDE SPECULATION

Heavy Pressure Apparent for and Against Expanded and Expensive New Deal Program Shapes as Roosevelt Tackles Problem of Finances.

Washington, Nov. 7. (AP)—As President Roosevelt tackled the unbalanced budget problem Saturday, it became apparent that heavy pressure for and against an expanded and expensive New Deal program is shaping up.

The feeling grew in many quarters of the Capital that a Conservative-Liberal division on Capitol Hill would be an inevitable result.

With speculation about the Roosevelt course unabated, the President called in Daniel W. Bell, acting director of the budget, for the first of many meetings to formulate the fiscal policy for the year.

The President drew support from both right and left in the campaign and few believe he can wholly satisfy both in the legislative program. Officials are frankly reluctant to discuss the possibilities, pending word about his intentions. It is generally accepted, however, that the nature of many individual campaigns for Senate and House—Republican as well as Democratic—foreshadowed much voting across party lines.

U. S. C. C. OPTIMISTIC OVER ECONOMIC CONDITIONS

Washington, Nov. 7. (AP)—The Chamber of Commerce of the United States Saturday spoke out with high optimism on economic conditions, saying that business momentum "is impressive, both in its extent and in its promise for the period ahead."

In its publication, "Washington Review," the chamber cited one favorable factor after another to support the conclusion:

"When all the evidence is brought together in an endeavor to consider the sum total of economic activity throughout the country, it appears unmistakably that since the summer of 1935 there has been steady progress."

Although such a prolonged advance might ordinarily suggest a temporary recession in the near future, the chamber reported that this did not appear in present economic cards.

"Consideration of the elements which enter into National activity, both by business fields and by areas," it was said, "makes it clear that during the last 17 months the most significant development has been the improvement in balance, among the fields of enterprise and among the areas of the country."

4-H BOYS TO SHOW BEEVES

WILBARGER YOUTHS SEND THREE ANIMALS TO DALLAS EVENT

Louis Kieschnick, Otto Obenhaus, Jr., and Eddie Obenhaus, left Saturday morning for Dallas where they will present entries in the junior livestock show Monday and Tuesday at the Texas Centennial Exposition.

In connection with 4-H Club work, the three boys during the past several months have each fed a baby beef in preparation for next week's show. Judging of the entries will be held Tuesday and the animals will be sold at auction Thursday.

The boys were accompanied by Otto Obenhaus and Fred Renzell, Wilbarger County Farm Agent.

WOODUL PLEASED AT VOTE FOR HIKE IN SALARIES

Austin, Nov. 7. (AP)—Acting Governor Walter E. Woodul Friday thanked the voters of Texas for giving six State officers their first salary raise in 60 years.

"Henceforth," he said, "the pay of the Governor, Attorney General, Land Commissioner, Treasurer, Comptroller and Secretary of State will be somewhat commensurate with their services."

Woodul said he probably would ask Attorney General William McCray for an opinion on when the increases other than that of the Governor become effective. Governor Allred's raise from \$33,333 to \$1,000 a month will start Jan. 15.

"I hope the other increases become effective soon," Woodul said. "They should have started many years ago."

SECOND SUSPECT JAILED HERE IN ROBBERY CASE

Jack Wright, wanted in Vernon in connection with the hijacking last Summer of a retail beer establishment in the western part of the county, was brought here Friday by officers from Colorado, Texas, and Oklahoma.

Wright was released after posting bond of \$3,000. "Sonny" Lamb, who was recently returned to Vernon from Little Rock, Ark., is held on charges in connection with the same case.

FRENCH SENATE VOICES APPROVAL OF GOVERNMENT

Paris, Nov. 7. (AP)—After hours of stormy debate, the French Senate gave Premier Leon Blum's Government a vote of confidence Friday if officials would prevent recurrence of political demonstrations at naval arsenals.

The approving vote followed passage of an earlier motion "regretting" incidents among workers at three naval stations.

DESPERATE WORKERS' ARMY IN BESIEGED CITY FACES REBEL WARRIORS AS PANIC MOUNTS

Madrid, Nov. 7. (A-P)—General Sebastian Pozas seized complete command of Madrid's affairs Saturday in the absence of the Government and, with a desperate workers' army, clung grimly to the besieged city.

Pozas, generalissimo of the government forces in the Madrid area, became head of a new safety council in command of the city after government ministers had left before dawn by motor car for Valencia.

The ministers will continue to advise General Pozas, but it was learned from reliable sources that he has been granted full power to take any step he deems immediately necessary in the interests of the Capital.

It was not known whether the government would establish its headquarters at Valencia, Barcelona or Alicante. President Manuel Azana has been in Barcelona for several weeks.

An insurgent radio broadcast from Jaca, not confirmed from Madrid, said insurgent troops had advanced into Madrid proper. Report from Lisbon said the Fascists had taken the Toledo bridge within Madrid at dawn. The Madrid advances, heavily censored and delayed several hours, indicated only that the insurgents were in the city's outskirts.

Marcel Rosenberg, the Russian ambassador, closed his embassy and left with his staff for Valencia. It was believed he planned to establish a provisional embassy there, at Alicante or in Barcelona.

The tattered proletarian ranks, at the gates of Madrid, fought frantically to smash through the cordons of besiegers advancing from outlying sections of the city.

POPULACE QUAKES AS FIERCE MOORS MAKE ADVANCE

Madrid, Nov. 7. (AP)—Spain's Leftist government decided to abandon Madrid Saturday, and terrified thousands fled eastward out of the capital.

The quaking populace that remained heard the ever-nearing din of battle as fierce Moorish hordes of the capital, long lines of refugees streamed out of the east gates of the city—bound for Valencia or intermediate havens away from the crescendo of war.

Simultaneously, bloody-banded soldiers, workmen fighters and girl volunteers, many of them in agonies of flesh-torn pain, staggered in from the other side of the city—from the firing lines where Socialist defenders still fought an apparently lost cause.

"What will the Moors do? Will they kill us all?"

As mounting panic swept the city, deeply shaken by the news Premier Francisco Largo Caballero and his cabinet aides had decided to abandon the capital, long lines of refugees streamed out of the east gates of the city—bound for Valencia or intermediate havens away from the crescendo of war.

REVOLT FLAME LIGHTED IN MOROCCO JULY 18

(By the Associated Press)

Deep-rooted in centuries old cross-currents of ideas and temperament, almost inexplicable to outsiders, the immediate causes of Spain's devastating civil war smoldered from the establishment of the Republic in 1931 after Alfonso XIII was driven into exile.

The revolt flamed in a Summer dawn when General Francisco Franco placed himself at the head of native Moors and Spanish Foreign Legionnaires in Morocco July 18.

By the next dawn thousands were flocking to his banner on the mainland. Militarists, industrialists, large land owners, monarchists, rushed to take arms under the red and gold flag of Spanish Fascism.

They sought the establishment of a corporate State modeled after Italy's—and, perhaps, a restoration of the monarchy.

Their well-planned uprising was the signal for Loyalists to rally to the support of the Socialist Government, submerging for the while their individual beliefs as Socialists, Communists, Republicans and Syndicalists.

Madrid, symbol of Spain, was the visible prize for which they battled.

Two insurgent armies, one in the North, the other in the Southwest, were organized quickly with the Spanish regular army—most of which declared for the Fascists—as a nucleus.

The Government, heretofore trained leaders and men, threw a citizens' army into the field against them.

Slowly the insurgents swept the Northern coastline, securing to themselves seaports along the Bay of Biscay, Irun, San Sebastian and Oviedo fell into their hands.

On Aug. 14, the Fascists decisively defeated a Government force and were free to unite their Northern and Southern armies tracing the first dim outline of the ring of steel that was to grip Madrid.

In Spain, more than 100,000 died.

Longest Beard Found In Japanese Contest

Tokyo, Nov. 7. (AP)—Maajiro Kato's beard, so long he has to be careful not to trip over it, won the national championship Saturday as the longest in Japan.

Kato, a 72-year-old patriarchal hardware dealer, is only five feet one inch tall. His beard is five feet, six inches long. And it causes him plenty of bother.

When Kato goes walking he stuffs the ends of his flowing white whiskers in a specially made handbag to keep them from dragging on the ground.

COLD WAVE TO STRIKE TEXAS

LIVESTOCK WARNINGS FOR PANHANDLE ISSUED AS SNOW FORECAST

(By The Associated Press)

Subfreezing temperatures crept into Texas again Saturday, reducing Panhandle readings to 26 and moving slowly southward.

The Dallas Weather Bureau posted livestock warnings for the Panhandle and forecast snow Saturday night. Dr. J. L. Cline, meteorologist in charge, said all of North Texas would see freezing weather.

At 7 a. m. the chill had not passed the Oklahoma border. Wichita Falls reported 45 degrees.

Rain was expected to accompany the cold in West Texas, with partly cloudy conditions in East Texas.

MIDWEST IN GRIP OF NEW NORTHER; MERCURY DROPS

Chicago, Nov. 7. (AP)—A cold wave, formed in the zero zone near the Canadian border, moved into the Middle West Friday night.

Forecasters charted its south-easterly course and warned central states against a sharp drop in temperature.

The wintry spell visited most of its severity upon the Northwest.

Have, Mont., reported a reading of 10 below zero. William, N. D., six below; Devil's Lake, N. D., two below; Bismarck, N. D., zero.

Meteorologists advised temperatures were below normal over almost the entire Nation.

Many of the Northern States, from North Dakota to northern New York and Vermont, were burdened by heavy snow. Some roads in North Dakota were blocked. Traffic encountered difficulties in the Duluth, Minn., area.

Snow and freezing weather was forecast for northern Texas. Ranchers were warned to protect livestock.

CONGRESSMAN HOEPEL AND SON UNDER ARREST

Richmond, Va., Nov. 7. (AP)—Congressman John H. Hoeppel and his son, Charles H. Hoeppel, were held in jail incommunicado Saturday for a 10 day search for them by court officers and Federal agents.

The pair, charged with conspiring to sell a West Point appointment for \$1,000, were sought when they failed to appear to start serving jail terms of four months to a year each.

Federal agents revealed the Hoeppels were discovered in a house in Richmond Thursday night, but refused to tell anything further about their flight and capture. The Representative and his son will be removed to Washington for their delayed court appearance.

FIRST DIVERSION OF WATER AT GRAND COULEE MADE

Grand Coulee Dam, Wash., Nov. 7. (AP)—Three gushing, 36-inch "flood gates" carried water Friday to a rising 20-acre lake in the initial step on man's first attempt to divert the full flow of the mighty Columbia River.

Builders of the \$70,000,000 Grand Coulee Dam, founded last Thursday, although rushing in with the roar of a cataract, the initial diversion was only a trickle by comparison with the daily average flow of more than 400,000 cubic feet each second.

Engineers expect the complete diversion in four or five months, will be one of the greatest engineering tasks of all time.

The river is being diverted to permit building foundations for the huge Grand Coulee dam in the river bed.

Warsaw, Nov. 7. (AP)—Three persons were killed and 35 others, most of them school children, were injured Friday when an express crashed into a suburban electric train near here.

COSMIC RAY STUDY GAINS

CALIFORNIA SCIENTIST SAYS PROGRESS MADE IN INVESTIGATION

Pasadena, Calif., Nov. 7. (AP)—Dr. Robert A. Millikan, mighty hunter of the cosmic ray, has carried his investigation into the behavior of these celestial many-billion volt energy bullets to the edge of the earth's atmosphere, 20,000 feet in the sky.

This, he said, is 98.5 per cent through the atmosphere.

He revealed Saturday some results of the photographic record of electroscope which were carried by a string of balloons 20,000 feet higher than man has been able to soar above the earth.

The highest instrumental recording ever made, Dr. Millikan reported, results from apparatus ingeniously devised by his assistants, H. V. Neher and S. K. Haynes.

The whole apparatus, electroscope, clockwork, photographic film, recording barometer, and thermometer, with parachute and protective steel wire basket, weighs only 2 pounds, 3 ounces.

From San Antonio, five sounding balloons were sent up this morning. Four of the five instruments sent up have been returned to Dr. Millikan.

Dr. Millikan reported the electroscope readings showed maximum ionization at about 63,000 feet, and at the 92,000-foot altitude the ionization dropped 22 per cent.

Ionization is the process by which the molecules of a substance are broken up into small electrified particles called ions. This can be caused either by ordinary electrical current or certain rays.

B. T. U. COURSE AT FARGO ATTRACTS 34 PERSONS

Thirty-four persons were present at the closing service of a B. T. U. revival which has been in progress during the week at the Fargo Baptist Church. Thomas Cobb, a student of Wayland Baptist College, Plainview, assisted the Church B. T. U. leaders in conducting the school.

A special program was given Thursday night on "The Needs and Call of the Colored Man" by two Negro women of Vernon, G. E. Matthews and V. E. Tomlin. They also sang several spirituals on the program.

EIGHT NEW CHEVROLETS GO ON DISPLAY IN CITY

Eight new Chevrolet passenger cars for 1937 went on display Saturday morning at the Ladd Motor Company in Vernon, at the same time the new models went on display in all sections of the Nation. Included in the new models are two deluxe sport sedans, four deluxe town sedans, and two master town sedans.

Simultaneously with the exhibition, prices on the new cars were released by W. E. Hollar, vice president and general sales manager of the Chevrolet Company. Prices on the master deluxe models are as follows: Coach, \$505; sedan, \$600; town sedan with trunk, \$620; sport sedan with trunk, \$685; business coupe, \$585; sport coupe with rumble seat, \$615. The prices of the master Chevrolets, which include the added equipment with the exception of the knee action feature, are uniformly \$50 under the master deluxe prices.

It was also revealed that the 1937 models would incorporate one wheel-base and with identically the same appearance where heretofore there have been two distinctly different lines of cars with two lengths of wheel-base.

NEW YORK STRIKE DELAYS AMERICAN PEACE TRIP

Washington, Nov. 7. (AP)—The calling of a general strike of seamen in New York threatened Saturday to delay the departure of Secretary Hall and other delegates to the Inter-American peace conference at Buenos Aires.

The delegation planned to go to New York Saturday and sail immediately on the Munsen Liner American Legion, but overnight the seamen's defense committee there proclaimed the strike.

There was no immediate word from officials here as to how the strike call might affect their plans.

President Roosevelt, who is considering attending the opening session Dec. 1, will not be delayed by any strike, for he will travel on the cruiser Indianapolis. Mr. Roosevelt initiated the conference, called to consider means of perfecting peace machinery in the Western Hemisphere.

If he goes to the Argentine Capital, he is expected to deliver an important address. He expects to decide definitely between that trip and a leisurely fishing cruise in the Caribbean by next week.

FINES ASSESSED IN RAID ON GAMING ESTABLISHMENT

Fines of \$75 and costs, a total of \$87.15 each or a grand total of \$261.45 were levied by Justice of the Peace F. M. Taylor Friday against three Vernon men who pleaded guilty to charges of permitting intermittent playing with a dice table in a public place. The charges were made following a recent raid on a downtown hotel by county and city officers.

The men admitted ownership of and released all claim to gambling paraphernalia taken in the raid, according to County Attorney Curtis Renfro. The gambling equipment, the value of which was estimated at \$375, included one elaborate dice table, 1,600 poker chips, one leather dice cup, four keepers' aprons, and two and one-half sets of monogrammed dice.

A hearing before Mr. Taylor will be held Nov. 11 at which the defendants, or any other interested persons, may show cause why the equipment should not be destroyed according to law. The gambling devices are at present being held at the office of the Wilbarger County Sheriff.

DUTCH PRINCESS TO WED GERMAN PRINCE JAN. 7

Amsterdam, Nov. 7. (AP)—Crown Princess Juliana of the Netherlands will be married Jan. 7 at the Palace, it was announced officially Friday, to the German Prince Bernhard Zo Lippebiesterfeld.

PENSION CHECKS DELAYED FOR FEDERAL APPROVAL

Austin, Nov. 7. (AP)—Orville S. Carpenter, acting director of old age assistance, said Friday \$7,000 checks, totaling \$1,350,000 would not be mailed until about Nov. 20 pending approval of the new Texas pension statute.

Carpenter had returned from Washington where he conferred with officials of the Social Security board, which was expected to approve the recently enacted law Nov. 13.

"If approval is given on that date," Carpenter said, "the Federal grant of approximately \$800,000 will reach us a few days later as it has to pass the U. S. Comptroller before the Treasury can forward it. I am confident that both the new law and administrative plan will be approved."

The "deliberation" amendment to the omnibus tax bill, passed by the Legislature in special session, is expected to reduce the pension rolls from a potential 160,000 to a stable 85,000.

RUSSIA REVIEWS PROGRESS IN 19 YEARS OF SOVIET

Moscow, Nov. 7. (AP)—Soviet Russia celebrated its 19th birthday Saturday with jubilant demonstrations of progress and with the dire warning that war clouds were gathering thicker over Europe.

Joseph Stalin, general secretary of the Communist Party, and most of the high officials of the government and the party reviewed a mass demonstration from the Lenin Tribune.

While hundreds of thousands marched in flag-draped red squares, the skies were darkened with Soviet war planes roaring overhead.

Industrial triumphs were the central theme of a civilian parade which followed the traditional review of the Red Army.

GAME BOARD TO PROVIDE PASS OFF PADRE ISLAND

Port Isabel, Nov. 7. (AP)—Information was received here that United States Army engineers gave the Texas Game, Fish and Quays Commission unofficial and conditional permission to cut an opening through Padre Island some distance north of here. The island stretches 90 miles up the coast from Brazos Santiago pass without an inlet. The permit, the information says, is conditioned upon the size of the channel, its location, and that it should not affect Brazos Santiago Pass, inlet from the Gulf to the Port Isabel and Brownsville ports.

Case Dismissed.

San Diego, Calif., Nov. 7. (AP)—Edwin A. Ezley, a farmer who bit into a plug of tobacco and clamped down on a nail used the store that sold the tobacco and the company that cured it. In settlement, he was awarded enough money for five artificial teeth and a six months chewing supply.

Victim's Watch Found.

Beaumontville, Que., Nov. 7. (AP)—When Raoul Belanger was dragged from under the hoofs of his horse last Tuesday and removed to a hospital where he died next day, his watch was missing. A stable hand, tending the animal, found the timepiece Saturday imbedded in the horse's hoof.

Typhoon Delays Clipper.

Manila, P. I., Nov. 7. (AP)—A typhoon which again delayed the departure of the China Clipper, Saturday lashed the seas around the island of Luzon. One drowned and another was missing as a small boat was dashed upon the rocks in Rizal Province. The twice postponed flight of the China Clipper was set for early Monday.

Sermon Series Continued.

"Christ's Lordship" will be the subject of the sermon by Dr. H. H. Hargrove at the First Baptist Church Sunday morning. The sermon will be the second in a series on "Ships Which Lead to God." Dr. Hargrove expects to publish the sermons in this series in book form in the future.

STORIES IN STAMPS

By I. S. Klein

IN THE LINE OF FIRE

LIKE the stark chimneys of a razed factory stand the minarets of the once splendid mosque of Mosalla at Herat, in Afghanistan. They are all that remain of a famous temple that for 673 years rivaled the beauties of Samarkand. The intricate patterns and exquisite coloring on these towers reveal the glamour of the structure that for nearly seven centuries was the goal of Mohammedan pilgrimages.

Early in the thirteenth century, hardly had the Mosalla been completed, when the fearsome Genghis Khan almost destroyed it. But final havoc came in 1883 when, during British attempts to subjugate the various tribes, it was destroyed because the dome had interfered with the field of fire.

Afghanistan pictures the remains of this great mosque on two stamps issued in 1932. One, showing a lone minaret, appears here.

COTTON

New York.

New York, Nov. 7. (AP)—Cotton futures opened barely steady, 1 to 4 lower with steeper Liverpool cables offset by hedge selling and pre-announced liquidation. Dec. 11.81; Jan. 11.75; March 11.75; May 11.75; July 11.69; Oct. 11.30.

There was a growing inclination to even up accounts in advance of the Government crop report to be issued Monday at 11 a. m. Eastern Standard Time.

Trading was moderately active, but the orders were evenly divided. Fluctuations were limited to a range of 2 or 3 points.

March moved between 11.75 and 11.77 with prices generally unchanged to 3 points net lower at the end of the first half hour.

An additional private crop estimate was issued pointing to production of 11,811,000 bales against 11,415,000 by the same source last month. The average of six private estimates was 11,867,000 bales compared with the Oct. 1 Government report of 11,609,000.

Early declines at Liverpool under hedge selling met heavy trade calling and the market advanced later in the session.

Futures closed steady at net advances of 7 to 9 points.

New Orleans.

New Orleans, Nov. 7. (AP)—Evening up operations for over the week-end and receipt of the government crop report on Monday caused small losses at the opening of the cotton market.

Declines ranged from 2 to 7 points with long liquidation and some placing of hedges furnishing the contracts.

Dec. opened at 11.80; Jan. at 11.75; March at 11.74 and the first sale in October was at 11.30.

Cables were good and Liverpool continued optimistic, but prices at New Orleans persisted on the down-grade.

The buying that developed was mostly price fixing by mills and covering by shorts.

Weather overnight was featureless. There was no rain reported in the belt and the temperatures were moderate.

Futures closed very steady, 8-11 higher.

GRAIN

Chicago.

Chicago, Nov. 7. (AP)—Corn prices made a new upswing of 1 1/2 cents a bushel early today. Unsettled weather throughout important parts of the corn belt threatened further delay to movement of the domestic crop, and fresh complications in the marine strike were an added bullish factor.

Opening 1-1/2 cents higher, Dec. 1.01 1/4-5. May new 94 1/2. Corn futures held near these limits. Wheat started unchanged to 1/4 up, Dec. 1.15 1/4. May 1.13 1/4, and soon rose all around.

CHILDREN CONTRIBUTE FOOD AT BENEFIT SHOW

A total of 325 Vernon children attended a benefit food matinee at the Vernon Theater Saturday morning, sponsored by the Vernon Scottish Rite Club. Approximately 400 cans of food was received from the children. The food will be taken to the Scottish Rite Hospital for Crippled Children in Dallas Monday morning by George Zellos.

Members of the club expressed appreciation to the theater management and staff for the matinee and to the following merchants for contributions: Martin-Lane Feed Company, Jimmie Wren Produce Company, Sam Novit, Bennett & Long, and the Vernon Meat Company. Other contributions will be received by Mr. Zellos over the week-end.

MITES SAID AT ODELL FOR MRS. I. C. HUDSPETH

Funeral services were held Saturday afternoon at 2:30 o'clock at the Odell Baptist Church for Mrs. I. C. Hudspeth, 77, who died Friday night at 10:30 o'clock at the home of her daughter, Mrs. J. W. Davenport of Odell. Rev. S. J. May officiated. Interment was in the Bell cemetery at Odell under the direction of the Frost and Laxston Mortuary.

Mrs. Hudspeth, a native of Alabama, had resided in Texas for the past 52 years. She had been a resident of Wilbarger County more than 20 years, coming here from Wise County.

Surviving are a daughter, Mrs. J. W. Davenport, and two grandchildren.

Peace Plan.

Santa Barbara, Calif., Nov. 7. (AP)—Monday always has been pretty generally recognized as a good wash day, but the Santa Barbara City Council made it official. Police and firemen were instructed to prevent the burning of rubbish, weeds or grass on that day so the family wash will not be smudged. In cases of conflict with Christmas, New Year's or the Fourth of July, the official wash day will be Tuesday.

DUDE RANCHERS TOLD TO EMPHASIZE ROMANCE

Denver, Nov. 7. (AP)—Dude ranchers learned from an expert Saturday that the unasked question of attractive Eastern girls, including heiresses and school teachers, is simply this:

"What chance for romance?"

"You must answer that, subtly, in your advertising," said the expert, Lee Hermann, of Colorado Springs, secretary of the Colorado Dude Ranch Association, talking to members.

"If you want to bring feminine business to Western dude ranches you must tell the women, off hand like, that you have handsome cowboys; moonlight on babbling brooks and all the other stage props that go to incubate the germ of tender romance."

"You can put it in the ad where it is a bit inconspicuous and will be overlooked by the past-middle-age dyspeptic, who does not like to be bothered by love-crooning youngsters and wants to come West for a rest."

"The girls will find it, for that is the information for which they are searching. Thus, a clever ad will attract the wealthy man with a stomach ache as well as love-seeking maidens."

Proof that some of the dude ranchers already have discovered that the romantic setting boosts business was offered by Hermann. He said several heiresses have found dude ranches "good prospecting ground." They married cowboys.

Position of Treasury.

Sulphur Firm Reorganizes.

New York, Nov. 7. (AP)—Freeport Texas Co., large producer of sulphur at Koskins Mound, Texas, and Grand Decille, La., has notified the New York Stock Exchange of a proposed reduction in the authorized capital stock by 12,899 shares of preferred, and a change in the name of the company to Freeport Sulphur Co.

London had its first professional baseball league this summer.

We're Not Telling You This for Selfish Reasons!

When a banker mentions "saving" you may be excused for thinking that he "has his own axe to grind", and therefore, not take very seriously what you read in an advertisement.

The facts are that banks today do not particularly care for savings deposits as a means of income. It is hard to invest the money in ways that will even equal the interest the bank must pay the savings depositor.

But we do know that every man and woman not already "well fixed" for life, should save regularly for their own happiness and protection ... That is why we keep "harping" on this subject.

A Good Photograph

Is Prized Today and Tomorrow

Hundreds of people in Wilbarger County would pay a big price for a good photograph of their loved ones who have gone on. It would be a real treasure to have. Your children, will in years to come have that same longing for a good photograph of you.

LIBRARY LISTS NEW VOLUMES

MANY SUBJECTS COVERED
IN RECENT ADDITIONS
ON SHELVES

A number of books which should prove of great value in the current program of adult education have been received this week by the Wilbarger County Library. The books are on the subjects of music, art, medicine, handicrafts, and culture in general.

"The Common Sense of Music" by the tune-detective, Sigmund Spaeth, is particularly skillful in making technical things about music easy to comprehend. It will enable many to increase their appreciation of all kinds of music. Miss Lillian Newton, librarian, said recently. Some of the questions the book answers are: "What do you know about music?" "Is it to you just a combination of sounds, usually pleasant—sometimes not? Do you simply know what you like without knowing why, or do you understand anything about how it is put together?"

A remarkable compilation of material is "The Book of Culture" by Ethel Pessier. It offers every one of the essentials of a liberal education and is interesting, authoritative, and up-to-date. Of a different nature is "The Modern Handbook for Boys." It gives suggestions for the leisure hours of boys of all ages. Detailed plans for the home manufacture of model airplanes, kites, rafts, and the like are presented in a way to stimulate interest as well as give instructions.

Two additional books are "The Romance of Medicine" by Logan Cleland and "The Romance of Chinese Art." The first is the story of great pioneers of medicine and their discoveries that have contributed to the store of scientific knowledge behind diagnoses and operations performed today. Illustrations are included on virtually every page. The second is a fascinating account of the various branches of Chinese artistry written by 12 of the greatest living authorities on the subject. It is illustrated with magnificent photographs, many of them in color, which reproduce the delicate shades of the original.

MISS RUTH CLARIDA APPEARS IN COLLEGIATE LIGHT OPERA

Miss Ruth Clarida of South Vernon, daughter of Mr. and Mrs. H. B. Clarida, is in the cast of "H. M. S. Pinafore," Gilbert and Sullivan opera, which will be produced by the A Cappella chorus of Abilene Christian College this fall and presented at Abilene, Dallas, and Hamlin, and broadcast on two radio stations.

The English light opera will be presented under the direction of Leonard Barford, at Abilene Christian College on Nov. 24, at the Texas Centennial Exposition at Dallas on Nov. 25, and at Hamlin on Dec. 9. It will be broadcast from the Gulf studies at the Centennial Exposition, and over station KRBC, Abilene, after Nov. 29.

Thanksgiving Party Is Given Wesley Workers

A Thanksgiving party was given for members of the Wesley Workers' Class of the First Methodist Church Friday afternoon at the home of Mrs. Spurgeon McDougal. Mrs. M. E. Barnhill assisted Mrs. McDougal as hostess.

Mrs. A. D. Wimberly, vice president, presided over the business session, and the program had as its theme the origin and meaning of Thanksgiving. Mrs. P. L. Ribble conducted the group in several clever games.

Appointments carried out the Thanksgiving motif, and coffee and pumpkin pie topped with whipped cream were served to 22 guests by the hostesses.

Family Reunion Depicted During Class Luncheon

A reunion of the "Fidelis family" was cleverly arranged for the monthly luncheon meeting Friday of the Fidelis Class of the First Baptist Church. The luncheon was given at the home of Mrs. Buford McDougal, with Mrs. J. N. Wright and Mrs. E. A. Vernon joint hostesses.

Upon arriving the members and guests were tagged with names, the surname for them all being "Fidelis." First names were of prominent personages, such as the Dione quintuplets. The group was then seated at quartet tables for the luncheon. Fall flowers and Thanksgiving symbols were used in the decorations.

Numbers on the program consisted of a violin solo by Mrs. J. C. Rogers, accompanied at the piano by Mrs. L. B. Howard, the devotional from II Peter 1, the class song, and a prayer by Mrs. A. Adamick of Smithville. Mrs. Jesse Owens presided at the business session at which Mrs. Seith Geis was elected third vice president.

The luncheon was served to nine visitors, Mesdames A. Adamick, L. E. Smith, H. H. Hargrove, J. Carl Smith, J. F. Roberts, Cecil Davis, J. C. Rogers, L. B. Howard, and Miss Bess Vernon, and the following members: Mesdames Jesse Owen, H. B. Searcy, Fred Holley, Dick Witt, F. E. Hogue, W. H. Greer, S. E. Smith, J. E. Wren, J. G. McKinney, J. B. Allen, George Maxon, P. B. Brook, J. W. Brock, Jr., Seth Geis, George H. Beavers, R. G. Diggs, and the three hostesses, Mesdames Wright, Vernon, and McDougal.

Northside Club Girls Finish Kitchen Aprons

Forg members of the Northside Girls' 4-H Club and a sponsor have completed kitchen aprons in their demonstration work, reports showed at a meeting of the club this week at the school.

Clyde Lee Ham, Bobbie Jo Gauntt, Mattie Alice Ellis, Bernice Canafax, and Mrs. Edward Hunt have completed their aprons according to the required specifications. Only one of the 50 club members did not attempt to plant a salad bed, and several reported having served vegetables from their hot beds. Practically all sewing boxes are now complete.

Announcement was made that the club will pay for members' year books this year. The resignation of Bobbie Jo Gauntt as secretary was received and Clyde Lee Ham was elected to succeed her. Thirty-four members were present, including two new members, and the sponsors, Mrs. Edward Hunt, Mrs. H. H. Scherer, and Miss Mozelle Lacey.

Good Will Project.

Plans are being completed for an international park in the Big Bend territory to be comprised of more than a million acres in Texas and Old Mexico. The park is to be in the heart of a group of mountain ranges in Brewster County extending across the Rio Grande. The 750,000 acres in Texas and 400,000 acres in Mexico are to be linked by an international bridge.

The territory which the park embraces affords some of the most beautiful scenery of the North American continent which has not been sufficiently publicized because of its inaccessibility. Present plans are that traffic will be routed to the reservation through Alpine and Marathon in Texas.

The State will incur no expense either in establishing the park or in its maintenance, since the National Park Service in the United States and a similar Mexican commission will cooperate in the enterprise. An international park of this type has many advantages to the State of Texas as well as to the nation. It should attract tourist trade to Mexico through Texas, and should bring to the Big Bend territory the advertising to which it is entitled. There are no national parks in Texas, despite its size, and one should be established if only as a conservation measure for wild life.

The international aspect of the proposal can not be overlooked. Establishment of a park of this nature should promote more cordial relations with our neighbor to the South. Our relations with Mexico have never been as friendly as they should since Texas won its independence a century ago. The park should help bring about a feeling of confidence and good will such as that which exists between the United States and Canada.

Problem For Courts.

An interesting expression of opinion on the problem of handling the criminal population of the country came recently from a Nebraska judge, who spent two weeks in the prison of a neighboring state. The opinion that severe sentences for serious crimes and second offenders should be continued substantiates the theory on which the habitual criminal laws are based.

This jurist, District Judge Harry D. Landis of Seward, had frequently considered problems presented through his rather severe sentences. After his period of observation in the Iowa prison he believes that he has found the answer.

Commentaries on the social problem of the criminal are timely at this time as the new Texas system of county parole boards is undergoing a thorough test. The parole system for first offenders is a forward looking experiment that approaches a solution of the problem and should be continued if a longer testing period proves the plan practical.

But for the second and third offenders leniency should be exercised sparingly and only in cases where there can be little doubt of the circumstances should a light sentence appear justified.

The Nebraska judge and his son entered the prison under assumed names. They went through all phases of the prison life, working in solitary, as a waiter, pouring coffee, peeling potatoes, wiping dishes and

APPROVAL ON SCHOOL GIVEN

FOUNDATION WORK STARTS SOON ON NEW CROWELL GRAMMAR BUILDING

Crowell, Nov. 7. (P)—Laying of the foundation for a new grammar school building in Crowell will begin immediately as word was received this week that the final approval on the project was given at the San Antonio office of the Works Progress Administration.

The notice was received by Superintendent I. T. Graves from the Wichita Falls WPA headquarters. The project calls for the laying of the foundation, the plumbing and the building of the walls as high as the windows.

The force to be employed in the construction of the new building will be enlarged by 25 or 30 in raising the old grammar school building and salvaging the material to be used in construction. The men added will be those eligible for employment on the WPA who have not yet been assigned to any projects. Other Government building projects in the county will continue with the same crews they have had.

The new structure will be in the shape of a "T" and will be located on the east side of the high school building. It will face south.

L. I. Saunders is the sponsor's superintendent of the project. H. D. Poland is the Works Progress Administration supervisor.

The raising of the old building is well under way. Laborers lack only the basement and a small part of the first story having the entire building torn down. Bricks and part of the lumber in the old building are being prepared by Government laborers for use in the new building. Usable materials in the old building will not detract from the quality or appearance of the new grammar school, according to those in charge.

PRICES HOLD FIRM HERE AT LIVESTOCK AUCTION

The volume of sales was light, although prices remained firm. At the weekly sale of the Vernon Live Stock Commission Company Friday, the sale was the last preceding the anniversary sale to be held at the company's auction ring on North Cumberland Street Thursday and Friday, Nov. 12 and 13.

Next week's auction is expected to be one of the largest livestock sales in the history of a company which is rapidly developing into one of the largest in the Southwest. Several thousand head of cattle, hogs, sheep, horses and mules are to be sold at auction.

"We urge you to consign your stock to us for this sale," stated S. Thompson, president and manager of the company. "It is assured that top market prices will prevail." The sale on cattle, hogs, and sheep will be held Thursday and will begin at 10 a. m. Mules, horses and mares will go on sale at 10 o'clock Friday morning. Buyers will be present from Tennessee, Georgia, Mississippi, and other States, in addition to buyers from Texas and Oklahoma, stated Mr. Thompson.

SCHOOL CENSUS PROBLEMS HEARD BY SENATE GROUP

Austin, Nov. 7. (P)—H. L. Mills, business manager of the Houston Independent School District, recommended Friday to a Senate committee investigating school laws an increase in the 4-cent per child fee paid census takers.

A reasonable increase, together with a general tightening of the census law to provide imprisonment for false certification on census cards would, he said, prevent padding of rolls upon which State aid was based.

The present method of determining State aid upon scholastic population was more equitable than on school attendance, he said. An attendance basis would penalize county districts where farm children in many instances could attend school only part of the year.

Also called to testify before the committee, headed by Senator Clay Cotten of Palestine, was C. N. Shaver, superintendent of Huntsville schools.

FARLEY THANKS TEXANS FOR CAMPAIGN SUPPORT

Austin, Nov. 7. (P)—James A. Farley, chairman of the Democratic National campaign committee Friday congratulated Texas Democrats for their successful presidential campaign.

In a telegram to Roy Miller, State chairman, Farley said: "I want to thank you for your great help and your complete cooperation. We have won a great victory and you have been a large factor in contributing to it. Our party is established as the dominant party in America and we want to carry on to the attainment of the higher ideals which the Democratic party symbolizes. I appreciate your help and count on your continued cooperation."

ROUSTABOUT CREW CHEERS LOSER OF ELECTION WAGER

Pampa, Texas, Nov. 7. (P)—Guffawing oil workers lined Kellerville's main street to watch M. M. Robinson, a local gaffer on Governor Alf Landon's political potency, "crawl" off an election bet.

Robinson, a former Kansan, crawled 200 yards each way, up and down Kellerville's sandy, cackleburg street main street with a cowbell around his neck to pay his bet to "Happy" Bullard, a backer of Franklin D. Roosevelt.

The loser wore a sign telling he had bet on the wrong man.

Bullard, employee of the Alms Oil Company, had his entire roustabout crew on hand as a pep squad to encourage Robinson in his "crawl."

RED CROSS APPEAL FOR FALL IS EMPHASIZED

Austin, Nov. 7. (P)—Acting Governor Walter Woodul urges Texans to respond to the American Red Cross annual roll call to be held Nov. 11 to 15. "The public interest demands that the attention of our people be directed to this worthwhile campaign and the objective of 154,000 Red Cross memberships in Texas this Fall," he said.

ITALIAN WORKMEN READY TO TAKE OVER ETHIOPIA

Rome, Nov. 7. (P)—Premier Benito Mussolini reviewed Friday the first battalion of an army of 150,000 soldier-workmen now being mobilized for the simultaneous development and defense of the new Italian-Ethiopian empire.

Il Duce, standing on the steps of the Piazza Venezia, saluted the first contingent of his new "workers army" as they marched past dressed in khaki and carrying picks and shovels over their shoulders, with rifles slung at their backs.

The men were duly enrolled as Fascist militia, organized into military companies with military leaders. They will plow their fields with guns stacked near at hand.

Fifteen ships will carry the agricultural warriors south to transform Ethiopia into the "Paradise of Africa."

Each man will receive a special uniform and outfit from the Government including a pup tent and a kitchen outfit, pick, shovel, hammer, and either a rifle or a shotgun.

The soldier-workmen will be divided into Centuries, Cohorts and Legions, after the manner of the ancient Romans and the modern Fascist militia. Attached to each of the five provincial governments of Ethiopia is the Legion command.

ROOSEVELT JOINS DRIVE TO MEET HUMAN NEEDS

Washington, Nov. 7. (P)—President Roosevelt put his shoulder to the wheel for the community chest drive Saturday with a call on the Nation to share its "increasing prosperity."

Broadcasting Friday night in support of the mobilization for human needs, the President said that many human needs must be met by the chests despite Government relief work.

"This is a partnership—this distribution of responsibility according to the character of the problem. Through the successful operation of this partnership (between Government and private agencies) our Nation will meet its needs," he said.

HIGHER WAGES BRIGHTEN BUSINESS SCENE IN NATION

New York, Nov. 7. (P)—The business panorama gloomed with news of higher wages, higher dividends, heavy freight movement, advancing prices for metals and selected securities Friday.

Copper rose to the highest price in six years, a few stocks reached new tops since 1929 at 1935. The Columbia Steel Company, U. S. Steel's Pacific Coast subsidiary, announced a 10 per cent wage increase for its 5,000 workers, as negotiations for wage adjustments for the remainder of more than 200,000 U. S. Steel workers went on in Pittsburgh.

Chrysler Corporation, in Detroit, announced a \$4,000,000 bonus for some 67,000 employees, to be paid the week of Dec. 14.

BREAKFAST TABLE QUARREL LEADS TO THREE DEATHS

Atlanta, Nov. 7. (P)—Rifle shots killed three members of the family of L. Neal Owen, 40, and dangerously wounded 11-year-old Neal, Jr., after a breakfast table quarrel Friday.

The County Policemen said Owen killed his wife and 14-year-old daughter, shot his son, who summoned officers, and fatally wounded himself with a 22 caliber rifle. Physicians said they did not expect the boy to live.

Mrs. Elise Moore Owen, 37, the wife, was a bank stenographer. Owen was a floor finisher and served in the United States Navy during the war.

Friends said he had been in ill health, but that the family apparently was happily situated.

SOIL PROGRAM FORMS READY

APPLICATIONS FOR FOARD COUNTY RETURNED FOR SIGNATURES

Crowell, Nov. 7.—Foard County applications for payment on the new 1936 farm program are now ready for the signatures of the farmers of the county, according to Farm Agent John Nagy of Crowell.

Mr. Nagy returned from College Station this week where he took the contracts to obtain their approval. Foard County was among the first three counties in the state to complete the work of preparing applications and turning them into the home office of the Extension Service, Texas Agricultural and Mechanical College at College Station.

Practically all the applications turned in by Foard County complied with the new 1936 program, according to the agent. Circular letters have been distributed throughout the county requesting the farmers who are complying with the new program to sign the contracts which now await them in the agricultural agent's office.

The signatures of the farmers on the blanks is the last step in completing the government contracts.

NEWS SERVICE PUTS IN LAST CALL FROM MADRID

London, Nov. 7. (P)—Madrid was isolated from telephone communication to the outside world Saturday.

London telephone officials said a call from the Associated Press Bureau in Madrid to the London Bureau at 4:25 a. m. was the last connection before communications were cut off.

The call was a fateful one, disclosing that Premier Francisco Largo Caballero had decided to flee the Capital and that fierce Moorish hordes were invading the outskirts of the city.

SALUTE TO Love

BEGIN HERE TODAY

KATE AND CAROLINE MEED live on a farm with their indolent, lovable grandfather, MAJOR SAM MEED, and two old Negro servants, ALTHY and ZEKE. Kate is engaged to MORGAN PRENTISS, but breaks the engagement when she finds him on the point of jilting her for EYE ELWELL, wealthy and beautiful.

Major Meed loses the farm to JEFF HOWARD, a bitter young mountaineer. Kate hates Jeff for taking her home and treats him insolently, yet he cannot help loving her. Caroline is asked to sing at a celebration, wearing an heirloom dress. Kate realizes the dress has been left in the attic at Meed Meadows and goes there to get it.

NOW GO ON WITH THE STORY

Kate took a bus to the city next day and shopped for material for Caroline's dress. She found a dove-colored silk which copied an old weave. It was \$2 a yard, and, since 10 yards were required, the total cost was rather staggering. There was no fashion ribbon to be bought, and she had to sew her own.

"Twenty-five dollars out of Brown Boy's hide," Kate reflected. "But it doesn't matter, if only I can make Caroline look right."

The following morning Kate cut out the dress, adapting the tight bodice and straight flouffant skirt of the original model. Success attended her labors. Though the little upstairs bedroom was distressingly hot, enthusiasm kept her at the sewing machine until Caroline forbade her downstairs to lunch. Afterward they had another sitting. Caroline standing patiently while Kate fashioned the lining to her figure and the dress to the lining.

At 4 o'clock Caroline protested, "I can't try on the thing another time. Fold it and put it away till tomorrow. We're both exhausted. Look! There comes Zeke with the ice. I'll go down and make lead tea for us."

Presently she called Kate down to the dining room, where she had the tea and tomato sandwiches waiting. "And here's a note Zeke brought from Cynthia. She's decided to entertain informally for Eve and Morgan tonight. A crazy shower. Everybody's supposed to bring something discouraging to divorcee! Here. Read the letter yourself."

Kate read while she sipped her tea. Between the tactful lines she read Cynthia's supposition that they would not want to come. It nettled

her. She saw Caroline watching her, anticipating her refusal.

"Let's go, Caroline!" she exclaimed. "I'll take a recipe for that cheese-cake Morgan's so crazy about, if you dare me."

"Let's," Caroline agreed, "and I do dare you. What can I take?" "A bottle of hand lotion," Kate suggested. She was referring to a compound made at home from an old recipe of their grandmother's. It was scented with rose water and had kept their own hands soft and smooth in spite of housework.

"It's a cute idea," Caroline said. "But are you sure you want to go, Kate? There's no use persecuting yourself."

"I want to go," Kate told her firmly. "If I'm going to spend the rest of my life in the same set with Morgan and Eve, the sooner I get used to them belonging to each other the better."

This sounded reasonable to Caroline, so she did not try to dissuade her. She went to the kitchen to prepare her gift, pouring the lotion into a wide-necked cologne bottle which had some value as a piece of Victorian glassware. Kate wrote out the cheese-cake recipe carefully.

As they drove into town that evening Kate grew more and more animated. Caroline thought in a worried way, "She's wound up like a person with a high fever. I hope she doesn't overdo." She said cautiously, "I think you're sort of keyed up, honey. Try to be more nonchalant."

The party, like all of Cynthia's affairs, went off with a bang. There was a bowl of champagne punch to start things off, and later they opened the gifts. The "discouragements to divorcee" were varied and ridiculous, ranging from biscuit cutters to kiss proof lipstick for Eve, and from bedroom slippers to bottles of bourbon for Morgan. Someone brought a patent can opener, someone else a volume of love poems with the instruction "To be read aloud at breakfast every Monday."

Johnnie Baird gravely presented Morgan with a hairbrush marked, "Not to be used on the head." Cynthia retaliated for her sex by giving Eve an old leather-bound volume, dug from somebody's attic, titled "The Ways of Savage Men in the Antipodes and Elsewhere."

Kate presented her recipe and managed to do it so gaily, clinging to Johnnie Baird's dependable arm the while, that no one remembered to feel sorry for her. Only Eve looked for malice (and perhaps found it) in the little recipe written in the kitchen card and labeled, "Kate Meed's Cheese-cake. A Favorite of Morgan's." Her

quick glance at Kate was barred before she lowered her lashes.

When Caroline's bottle of lotion was unwrapped Johnnie Baird insisted on Eve's putting some on at once, after which he kissed her hand with extravagant appreciation, inviting "all my fraternity brothers to do likewise, but no Phi Deltas or Deltas!"

Later in the evening Morgan sought out Kate where she was reading palms in the library and insisted on her dancing with him.

After a moment's hesitation and much protest from her crowd, Kate went. It was the first time she had danced with him since the breaking of their engagement. The strangeness of being in his arms, yet knowing they were worlds apart, reduced her to thoughtful silence.

She thought, "I used to be thrilled when we danced! I'm not now. It's just like dancing with anybody else. That's lucky for me. He's Eve's—entirely Eve's."

Yet she was frightened. Frightened for fear his old power over her would assert itself. Kate thought tremblingly, "How awful if I'd find myself loving him again! What could I do?"

Morgan said, "Let's go outside, Kate. It's beastly hot here." Kate protested weakly, her voice dying in her throat. She could think of no reason for refusing. Other couples were outside—Eve herself, no doubt—for the radio music was hardly good enough for dancing.

They went outdoors. The porch was full, and Morgan said, taking her arm, "My car's parked out by the garage. We'll go sit there."

History was repeating itself. It made Kate feel distinctly queer, but she followed. Was he remembering, too?

In the car Morgan did not light a cigarette as she expected him to do. She noticed that he seemed morosely silent, hardly answering when she talked. Presently he said, "So you've taken up palmistry, have you?"

Kate answered, "My one parlor trick. Don't believe it."

"Just a way of holding hands," he accused.

"Don't be silly. People don't need an excuse for holding hands. They just do it if they want to."

"Then let's do it. I'd enjoy it!" Again Kate said, "Don't be silly!" She did not know that he was verging on drunkenness, because his quietness was so deceiving. To do him justice, Morgan Prentiss rarely drank as much as the average young man who went to a party. This Kate knew.

"It doesn't seem silly to me," he told her with dignity. "I'm sorry it seems so to you. It would be rather heavenly, as I look at it."

Kate was dismayed. Was Morgan actually making love to her? But not things like that simply didn't happen. Morgan was engaged to marry Eve Elwell in October and this was a party in their honor. To return to the impersonal, she said, "Aren't the Chennaults late in going to Michigan this year?"

"They used to go the first of July," "Later than usual," Morgan said. "But what does time matter? What does anything matter any more?" Kate laughed uncertainly. "Time matters a lot if you live in the country at present time. I suppose the Bellis will soon be going to Michigan, too. Of course, you'll spend August with them?"

"Why do you ask that question?"

Kate laughed uncertainly. "Time matters a lot if you live in the country at present time. I suppose the Bellis will soon be going to Michigan, too. Of course, you'll spend August with them?"

"Why do you ask that question?"

"To make conversation," Kate retorted angrily. "You've certainly contributed very little of your own accord."

"So that's it. I thought maybe my actions interested you."

"Of course your actions interest me," Kate said quickly. "I'll always be interested in you, Morgan. You've shared too much of my young emotional life to seem quite like other men to me, ever."

"The happiest hours I've ever known were with you, Kate."

"But you're going to know happier ones than those," she reminded. "You'll be awfully happy with Eve, Morgan."

"I'll not be happy with anybody, Kate, unless I can see you often. Unless I can hold you in my arms as I used to do. Why are you so cold to me, Kate? I'm Morgan. Your Morgan—"

He leaned toward her and gathered her into a close embrace, kissing her surprised lips, caressing her surprised face, "You're not kissing only drunk?"

back, Kate! Don't treat me like this, darling. Don't punish me for the way I've treated you. I want you again. Let's go away from this place! Let's start driving now. We can be married in the morning—"

Kate pushed him from her, feeling only aversion and amarement. She knew now that her love for him was not a thing held in leash, but something dead and extinct, like an old cinder. "Have you taken leave of your senses, Morgan, or are you only drunk?"

"If I'm drunk," he said, "then the real man speaks. Remember that, Kate. From a drunken man you get the truth, like it or not."

"When did you start this drinking?" she asked him.

"Yesterday morning. But what does it matter?"

Kate got out of the car and closed the door. She went quickly to the house and found Cynthia. She said, "Some strong coffee for Morgan. Cyn! He's in his car, out by the garage. Sober him up before Eve finds him. I'm going home. Head-ache—"

"Oh," Cynthia said, looking at her swiftly. "Well, good night, darling, and thank you for coming. You'll find Caroline on the porch."

When they were nearing home Caroline asked, "Sorry you went?"

"No," answered Kate. "Glad. I found I don't envy Eve at all. I've cleaned house."

"That's something," Caroline said understandingly.

BOBCATS TRIM COYOTES, 13-6

OLNEY CUBS DEFEATED BY GRAHAM IN UPSET IN SCHOOLBOY RACE

Games in District 2-A Friday night saw two favorites defeated as the Childress Bobcats emerged as leading contenders for top honors in the conference. The Bobcats defeated the Wichita Falls Coyotes 13 to 6 at Wichita Falls, giving them a record of three wins and no losses in conference competition. In the only other district game the highly favored Olney Cubs lost to an inspired Graham Steer eleven. The score was 7 to 0 at Olney.

At Wichita Falls the Coyotes turned in their best game of the year with Charlie Hill and Ed Neal leading the attack. In the second quarter, with the score 0 to 0, Hill went over right tackle for four yards to give the Pack six points, the first of the game. Neal's first kick was good but both sides were offside. The next attempt was blocked.

On the kickoff following the Coyotes' touchdown, Garland Terrell, flashy Childress back, took the ball on his own 10 yard line and went 90 yards for a touchdown. Wright's kick was good and Childress remained in the lead for the remainder of the game. Their second touchdown came in the fourth quarter when Terrell went over on a cut-back across tackle from the two-yard stripe. The game ended with the Pack's punting attack failing when Terrell intercepted a heavy in midfield and was chased out of bounds.

At Olney the first half was played with neither team threatening. Early in the third quarter, however, the Steers scored after a drive from their own 45. A lateral, Bryant to Ardis to Cornish, put the ball on the two-yard marker and another lateral, Bryant to Green to Ardis, sent the latter over the goal line standing up.

ARCHER CITY DEFEATED BY BURKBURNETT, 46-0

The Burk Burnett Bulldogs retained their perfect record in District 10-B Friday night when they smothered the invading Archer City Wildcats by a score of 46 to 0. A smooth working blocking and running attack, combined with an effective passing offense, completely outclassed the Wildcats.

Also in District 10-B the Seymour Panthers trounced the Throckmorton Greyhounds, 19 to 7. Seymour made 150 yards in running plays and 12 first downs to 93 yards and 12 first downs for the Wildcats. The Panthers completed one pass for eight yards while the Wildcats completed three for 30 yards.

The Jackboro Tigers featured a smooth running attack, took advantage of several breaks, and defeated Bridgeport, 29 to 6. The second string Nocona eleven ran wild against a weak Bellevue team at Nocona to win their 12-B conference game, 59 to 0. Bowie defeated Henrietta, 13 to 2.

JIM NEILL LEADS TECH RAIDERS IN AGGIE WIN

Lubbock, Nov. 7. (AP)—Jim Neill, Texas Tech's candidate for All-America honors, was the dynamo behind the Red Raiders' 10-0 triumph over the Oklahoma Aggies Friday.

The big halfback, Neill, plunged, passed and punted to completely stall the show. The Aggies succeeded in stopping the running and passing of other Raiders but were unable to handle Neill. He passed to J. W. West for the first try in the opening period after placing the ball in scoring position, then raced 23 yards in the third for the other touchdown. He carried the ball all but two of the 40 yards in the march that produced the second counter.

Coach Ted Cox's Aggies advanced to Tech's one-yard line in the second period but an impenetrable line and incomplete passes cut short the threat.

Southwest Teachers Win.
Huntsville, Nov. 7. (AP)—The Southwest Texas Teachers passed their way to a 14-0 triumph over the Sam Houston Bearcats Friday night. Phillips figured in both scoring plays, passing to Campbell for the first touchdown and to Mangum for the second.

Onion Experts of Country Discuss Breath Control

New York, Nov. 7. (AP)—Those who think political fireworks are over for the season had better stay away from Kalamazoo, Mich., and the annual convention Saturday of the Onion Anti-Dafoamation Committee of America.

Maybe, if you don't like onions, you'd better stay away anyway. First, there is likely to be trouble when the radical minority in the organization, headed by Clarence Teters, of Kimmell, Ind., battles the conservative majority over the question of suppressing onion breath.

Secondly, there's a possibility of a holocaust when the new machine breath is demonstrated for the first time. The machine, invented by Professor Howard Haggard of Yale University, transforms the strength of onion breath into heat which in turn sets afire a piece of paper treated with chemicals.

GRAHAM PLAN SCORED BY SOUTHERN LOOP PRESIDENT

Richmond, Va., Nov. 7. (AP)—Forest Fletcher, president of the Southern Conference, charged Saturday that the 16 member colleges of that group were "violating the spirit of the Graham plan" and recommended that the plan be abandoned as a means of curbing subsidization of athletes.

"I will propose at the annual meeting of the Conference next month that the Graham plan be abolished and that the Conference adopt uniform entrance and scholastic requirements which will eliminate tramp athletes instead," said Fletcher, head of the Washington and Lee physical education department and a former member of the American Olympic team.

The Graham plan, named for its sponsor, Dr. Frank P. Graham, president of the University of North Carolina, set up faculty committees to administer regulations designed to place athletes on an equal footing with other students in the awarding of scholarships, jobs and other forms of financial assistance.

FANNIN ELEVEN DEFEATS ALTUS TITLIS, 32 TO 0

The Fannin School eleven of Vernon defeated the Wilson Ward School team, grade school champions of Altus, 32 to 0, Friday afternoon at Altus in a no weight limit game. The Fannin School 90-pound team held the Altus eleven scoreless for one quarter.

Taking part in the game for Fannin were Roy Dale Howl, Ned Owens, J. D. Brice, Brock Short, Lee Rector, Kenneth Jones, Grady Lucas, John Maroney, Burton Veto, Tom Cockrell, Kenneth Russell, Richard Witt, Maxie Bell, Melvin Johnson, Wendell McCrory, Buddy Owens, George Freudiger, Delores Gibbs, Don Chancey, Edgar Castleberry, Dub Smith, Leslie Price, J. L. Lawson, and Ennos Barnes.

Touchdowns were made by Maxie Bell, Melvin Johnson, Buddy Owens, and two by Edgar Castleberry. Extra points were made by Bell and Owens.

CROWELL "B" TEAM STOPS VERNON MARINES, 18 TO 6

The "B" squad of the Crowell High School defeated the Vernon High School Marines 18 to 6 Friday night at the Crowell stadium in a football game marked by the number of passes thrown by each team. It was the first night game played this season by the Marines. Only members of the Vernon "B" squad who did not participate in Tuesday's game at Wichita Falls were eligible to play Friday night.

The starting lineup for the Marines was H. Fletcher, le; Love, lt; Botkins, lg; Southall, c; Moore, rg; Winter, rt; Bowden, re; C. Fletcher, qb; Heaton, rb; Cayce, rh; and Knight, fb.

HOWARD PAYNE HOLDS PERFECT RECORD AT AUSTIN

Austin, Nov. 7. (AP)—The Howard Payne Yellow Jackets remained undefeated in Texas Conference competition Saturday after defeating St. Edward's, 12-0, last night.

Wedeman rammed over for the first tally in the second period after a penalty had placed the ball on the Tigers' one-yard line.

Marshall passed to Knudson who raced 80 yards for the other score in the fourth quarter. The Jackets played most of the game in St. Edward's territory but a stubborn Tiger defense held down the score.

CHILLICOTHE STOPS HAWKS

Chillicothe, Nov. 7.—The Chillicothe High School Eagles plucked the tail feathers of the Iowa Park Hawks Friday afternoon, 19 to 0, in a 10-B conference game. The Hawks' only opportunity for a score was lost through an off-side penalty.

The Eagles scored first in the second quarter when Duncan took a pass from Davis for a 23-yard gain. Davis scored in two plays. The second touchdown came in the third quarter after a Hawk pass was intercepted.

Davis passed to Morrison for the final touchdown in the fourth quarter.

The lineups were:
Chillicothe—Duncan, le; Jones, lt; Campbell, lg; Lance, c; Bradley, rg; Brock, rt; Dodson, re; Francis, qb; Morrison, lb; Balder, rb; Davis, fb; Iowa Park—Parrish, le; Boutwell, lb; Alvey, lg; Howell, c; Smith, rg; Honeycutt, re; Wigley, qb; Cowden, rh; Blair, rh; Thompson, fb.

NORTH TEXAS TEACHERS TAKE TITLE IN VICTORY

Commerce, Nov. 7. (AP)—The Eagles of North Texas State Teachers College were assured Saturday of the Lone Star Conference title as a result of a 6-0 victory that swept the East Texas Teachers from the undefeated and untied ranks.

A 23-yard pass from Hester to Turner netted the touchdown after runs by Stovall, Reeves and Hester had placed the ball on the East Texas 23-yard stripe.

The East Texans threatened with an aerial attack in the second period but failed to push over a tally.

Austin College Wins.
Sherman, Nov. 7. (AP)—Diminutive Cameron Harris, Austin College back, led the Kangaroos to a 58-14 triumph over the Abilene Christian College Wildcats Friday night in an offensive battle that produced 11 touchdowns. Harris made runs of 55, 61 and 95 yards for three of the Kangaroos' nine tallies. Owens passed to P. Scott for both of the Wildcats' touchdowns. The Christians completed 14 of 45 passes attempted.

Bout Approved.
New York, Nov. 6. (AP)—The New York State Athletic Commission has approved a welterweight championship boxing bout between titleholder Barney Ross and Izzy Jannazzo, New York eastsider, in Madison Square Garden Nov. 27.

Sunday we begin to realize on our plans for Evangelistic Services which have been in the making since last July. We have been successful in obtaining two outstanding men in the field of Evangelism to lead us. Rev. Manfred George Gutzie, D. D., professor of English Bible, Austin College, is to interpret God's Word, and Rev. T. M. Cunningham, Th. D., singing evangelist, is to lead the singing.

We open wide the doors of the church to members of all denominations and to those of no church relation and cordially invite you to enjoy every service.

Weekday services begin promptly at 10 a. m. and 7:30 p. m. There will be no morning service on Saturday, but there will be an evening service.

The services for Sunday are as follows:
Sunday School at 9:45 a. m., L. L. Sullivan, superintendent.
Preaching at 11 a. m. and 7:30 p. m.

The Christian Endeavor Societies will worship with the congregation at the evening hour.

The Circles of the Auxiliary are to meet at the church Monday afternoon at 3 o'clock.

The banquet and program of the men of the church has been postponed on account of the meeting. The chairman, M. C. Culbertson, will announce the date later.

Much interest is being manifested

concerning the meeting and we are working and praying that it may prove to be a heart stirring revival. Come and see!

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, Nov. 8.

The Golden Text is: "They which are the children of the flesh, these are not the children of God" (Romans 8:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and he shall be God" (Revelation 21:3).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Science of being furnishes the rule of perfection, and brings immortality to light. . . . God is the parent mind, and man is God's spiritual offspring" (page 336).

The STARS ...

ALTHOUGH THERE ARE MILLIONS OF STARS IN THE
UNIVERSE, OUR EARTH DEPENDS UPON A CERTAIN
ONE FOR ITS VERY EXISTENCE! THIS STAR IS
- *THE SUN!*

THE SUN APPEARS VERY LARGE TO US, BUT IT REALLY IS ONE OF THE SMALLEST STARS! ITS BRIGHTNESS IS DUE TO ITS COMPARATIVE CLOSENESS TO US, BEING ONLY 92 MILLION MILES AWAY, WHILE THE NEXT NEAREST STAR IS 26 TRILLION MILES DISTANT.

MOST MEN OF
TODAY HAVE
LITTLE TIME FOR
STAR GAZING!
THE ANCIENTS,
HOWEVER, STUDIED
THE STARS WHILE
TENDING THEIR
FLOCKS AT NIGHT,
AND MANY OF
THEM THEY NAMED
FOR HEROES OF
THEIR TIME.

UNTIL ABOUT 1543, IT WAS BELIEVED THAT THE EARTH WAS THE CENTER OF THE UNIVERSE/ THEN COPERNICUS, A POLISH ASTRONOMER, POINTED OUT THAT THE EARTH WAS TRAVELING AROUND THE SUN.

THE SPINNING OF THE EARTH
ON ITS AXIS, AS IT TRAVELS
AROUND THE SUN, CAUSES
THE SUN AND OTHER STARS
TO "RISE AND SET" AT
OUR HORIZON.

TODAY, WE KNOW
THE STARS TO BE
TREMENDOUSLY HOT,
GASEOUS BODIES, MADE UP
OF THE SAME ELEMENTS THAT
COMPOSE OUR OWN EARTH.

A PERSON WITH GOOD EYESIGHT CAN SEE ONLY ABOUT 2,000 STARS AT ANY ONE TIME, BUT GIANT MODERN TELESCOPES BRING MILLIONS OF STARS INTO VIEW.
